FROM: Jim Moore

SUBJECT: Proprietary Item Request and Justification

STP-EN-7800(36), State Project No: 78951-3614-54, PIN: 041633.00

The Program Development and Scheduling Director requests approval to utilize the following proprietary items in the subject project:

Phillips Lumec Lighting –pedestrian pole and light fixture Ancestra AT-40^{MD} -SHA-GRD-NM

Project Description

Pigeon Forge Walking Trail/Riverwalk

Pigeon Forge, Sevier County

PIN: 041633.00

Federal Project Number: STP-EN-7800(36)

Contract Number: N/A

Construction of approximately 3,640 linear feet of primarily 10-foot wide asphalt and concrete trail from the Pigeon Forge City Park/Community Center connecting to an existing trail through The Island commercial development and then connecting to Phases I and II of the Riverwalk project. Project includes landscaping, pedestrian lighting, railings and pedestrian amenities.

Justification

Per the Code of Federal Regulations, 23 CFR 635.411, justification can be made that these items are essential for the aesthetic continuity of two previously lighted sections of the Riverwalk. The City of Pigeon Forge is aware of only one manufacturer, Phillips Lumec Lighting that has the aesthetic appearance consistent with the existing light fixtures.

If you have any questions or comments, please contact Neil Hansen, Enhancement Coordinator, at neil.hansen@tn.gov.

I, Jim Moore, Program Development and Scheduling Division Director, do hereby certify that in accordance with the requirements of 23 CFR 635.411(a) (2) that these items are indeed essential for both aesthetic continuity of previously lighted sections of the Riverwalk.

RE: Pigeon Forge Greenway Phase III – Lighting
Proprietary Material Approval for Phillips Lumec Lighting Pole Fixture

Dear Mr. Falkenberg:

In attempt to achieve consistency in all phases of our greenway network, the City of Pigeon Forge has used the same light pole and fixture made by Phillips Lumec on the first two phases of our greenway. Phase III connects to Phase II and will provide a continuous greenway trail from Patriot Park to the Community center and it will be critical to maintain the same light fixture on Phase III.

The pole and fixture used on Phase I and II is the Phillips Lumec Ancestra AT-40^{MD}-SHA-GRD-NM product. It is a very distinctive pole with a rounded top and a classic fixture. We know of no other manufacturer that makes a pole and fixture of the same design and character.

In consideration of the statements presented, the City of Pigeon Forge requests that the Phillips Lumec Ancestra AT-40^{MD}-SHA-GRD-NM pole and fixture be considered for use on Phase III of our greenway. In addition, we request that the same be specified for use on future state funded phases of our greenway in the City of Pigeon Forge.

Sincerely,

David Wear

Mayor, City of Pigeon Forge
